

## Illustrating the Great Commandment

1. Have the children find a partner.
2. Assign one of the following parts of the Great Commandment to each pair:
  - ◆ Love God,
  - ◆ Love ourselves, or
  - ◆ Love others.

◆ *Keep in mind that, depending on the size of your class, two or more pairs of children will receive the same assignment.*
3. Give each group markers and crayons and paper.
4. Provide time for the children to decide how they will illustrate the part of the Great Commandment they were assigned.
5. Afterward, invite volunteers to share their work with the class.
6. Affirm the children for their ideas for living the Great Commandment.
