

Creating a Bumper Sticker

1. Distribute strips of large rectangle labels and markers to the children.
2. Briefly review with the class the many ways that God helps us to make good choices.
3. Challenge the children to think of a slogan that will encourage others to make good decisions.
4. Have the children print their slogans on their sheet of label paper.
5. Afterward, allow time for volunteers to decorate and share their slogans with the class.
