

Loving Others

The Commandments teach us to love and respect others. Follow the directions below. Explore how you can share God's love with others.

Choose one of the following activities:

1

The Fourth Commandment teaches us to love and respect our parents and other adults who care for us. To show your love for them, cheerfully offer to help a parent or an adult family member. Do a chore without being asked this week.

2

The Fifth Commandment teaches us that every living thing is a gift from God. Write a prayer praising and thanking God for all the wonders of creation. Be specific.

3

Read Luke 16:19-23. With some friends, perform a skit about the Rich Man and Lazarus. Show your skit to other friends or family members.
